All Hands on Deck

PROJECT NUMBER:
2022-1-ES01-KA220-VET-000087373

Taller online Intermediterraneo

Organizado por CETEM , 28/09/2023

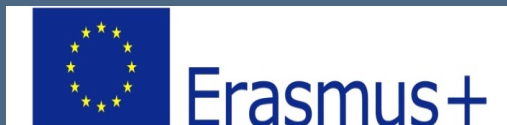

All Hands on Deck

Proyecto

- Erasmus + KA220-VET - Asociaciones de cooperación en educación y formación profesional
- 5 socios, 4 países, 6 zonas marítimas
- Abordar la transformación digital, contribuir a la innovación en la carpintería de ribera, adaptarla a las necesidades del mercado laboral

All Hands on Deck

Socios

- CETEM
- Universidad de Murcia
- CEIPES
- Innovation in Learning Institute, Friedrich-Alexander-University Erlangen-Nuremberg
- InnovaWood

All Hands on Deck

Objetivos del proyecto

- Desarrollar y aplicar prácticas innovadoras en el aprendizaje de la FP en sectores tradicionales, en particular uno de los puestos de trabajo más antiguos de Europa: el de carpintero naval

All Hands on Deck

Objetivos del proyecto

- Rejuvenecer la mano de obra de los carpinteros de ribera atrayendo a jóvenes estudiantes formándoles con claves prácticas que normalmente sólo se pueden aprender en talleres, esto se hará con aprendizaje inmersivo utilizando nuevas tecnologías (como vídeos 360 con carpinteros de ribera reales)

All Hands on Deck

Objetivos del proyecto

- Aumentar el número de estudiantes de FP de carpintería de madera y en embarcaciones, incluso moviendo a profesionales de sectores afines

All Hands on Deck

Objetivos del proyecto

- Aumentar las conexiones europeas y facilitar la cooperación entre profesionales y estudiantes de la misma y de diferentes áreas marítimas, con el objetivo de difundir el conocimiento y aumentar los proyectos comunes y la posibilidad de que los estudiantes se muevan por Europa

All Hands on Deck

Objetivos del proyecto

- Preservar los conocimientos prácticos y el saber hacer de los carpinteros de ribera europeos - registrar y digitalizar las intervenciones de los carpinteros de ribera actuales en diferentes áreas marítimas

All Hands on Deck

Objetivos del proyecto

- Facilitar el acceso a la información con independencia de la ubicación o los recursos económicos del alumno

Portal Colaborativo

All Hands on Deck

- Creación y publicación de un portal 2.0 como herramienta de colaboración donde los estudiantes y los profesionales de la carpintería de ribera puedan ponerse en contacto y compartir sus diferentes ideas, proyectos y dudas con otros estudiantes y profesionales de toda Europa.

3 NODOS o APARTADOS PRINCIPALES:

- Carpinteros de ribera-Aprendices
- Carpintero de ribera-Astilleros
- Carpinteros de ribera con otros Carpinteros de ribera

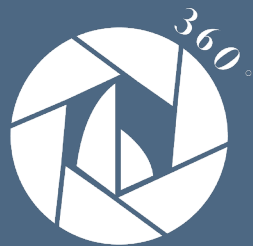

All Hands on Deck

Portal Colaborativo

En cada nodo el objetivo era tener:

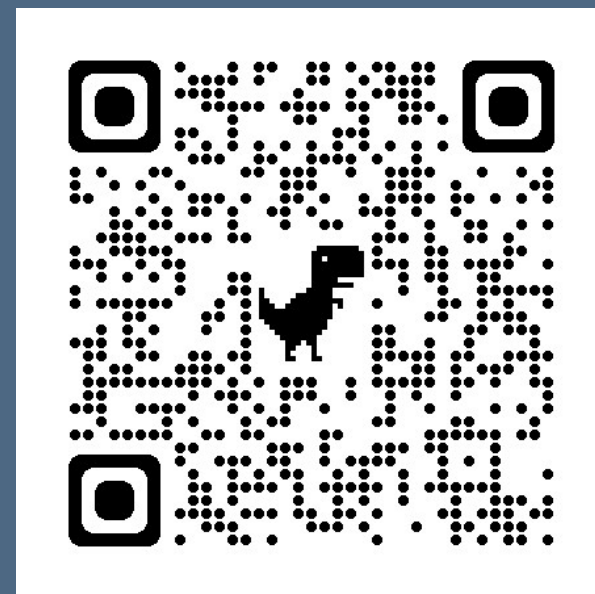

- Un foro general
- Foros específicos de temas importantes
- Un espacio de preguntas y respuestas
- Un espacio colaborativo para compartir
- Un tablón de anuncios con oportunidades de aprendizaje o profesionales
- Posibilidad de enviar y recibir mensajes

The screenshot shows the top navigation bar with links for Home, Groups, Map, Members, Activity, Events, and Website. A user profile for TOMASCETEM is visible. The main content area features a welcome message and three collaborative groups:

- Shipwright-Shipwright**: This group is focused on facilitating cooperation between shipwright professionals of different maritime areas and countries, in order to give the opportunity to share ideas, documents, projects, knowledge... to preserve this job position. It is possible to participate in the different forums about interesting topics, even create new ones to receive inputs from other shipwrights; use a sharing space to upload documents, projects, images, videos, designs sketches that the user wants to share with the rest of the shipwrights of this group; you can contact directly with other shipwrights to ask questions or answer doubts; and check and add news on the notice board with professional and learning opportunities.
- Shipwrights-Shipyard**: This group is done with the objective of facilitating the relation between shipwrights and shipyards in order to share possible projects, work offers or exchange of students. In this group is possible to participate in the different forums about interesting topics, even create new ones to receive inputs from other members; use a sharing space to upload documents, projects, images, videos, designs sketches that the user wants to share with the rest of the users of this group; if you are representing a shipyard you can contact directly with shipwrights to ask questions or propose collaborations or potential projects together, also if you are a shipwright can do the same in case of shipyards; and check and add news on the notice board with professional and learning opportunities.
- Shipwrights-Students**: This group is focused on learning about shipwright and is made with the objective to be used to share contents and establish contact between current shipwrights and people who are learning in this matter. It is possible to participate in the different forums about interesting topics, even create new ones to receive inputs from other members; use a sharing space to upload documents, projects, images, videos, designs sketches that the user wants to share with the rest of the users of this group; if you are a learner you can contact directly with other members to ask questions or answer doubts; and check and add news on the notice board with professional and learning opportunities.

Social media icons for Facebook and Twitter are located at the bottom left, and a green circular icon is at the bottom right.

Plataforma de base de datos terminológica multilingüe

- Plataforma online de libre acceso con una completa base de datos con palabras actuales e históricas utilizadas en la carpintería de ribera en las diferentes áreas marítimas de Europa que podrá ser utilizada por profesionales de diferentes países, profesores de FP, alumnos, profesionales de otros puestos de trabajo relacionados, investigadores o aficionados..
- Estará compuesto por un diccionario de más de 1000 términos divididos en áreas temáticas o materias y áreas marítimas, traducidos a 5 idiomas (inglés, español, alemán, italiano y francés) incluyendo notas de voz que muestran la pronunciación correcta de los términos e imágenes de cada uno de ellos.

All Hands on Deck

Otros resultados futuros

Plataforma de base de datos terminológica multilingüe

- Los usuarios podrán buscar la palabra o buscar en áreas temáticas o áreas marítimas ya que la plataforma listará las entradas de palabras alfabéticamente y se incluirán en áreas temáticas y marítimas. Un alumno podrá seleccionar primero el idioma deseado y buscar una palabra directamente o en un área y aparecerá la traducción a los otros 4 idiomas, la descripción en el idioma elegido, una imagen, una nota de voz, sinónimos y el área temática y marítima donde se utiliza.
- NECESITAMOS PROFESIONALES QUE APORTEN COMENTARIOS SOBRE LAS PALABRAS

All Hands on Deck

Otros resultados futuros

Visitas virtuales 360° de astilleros de diferentes zonas marítimas

- Documentos de diseño conceptual de la visita panorámica de 360° en el que se explica el proceso de selección de los astilleros de cinco zonas marítimas.
- Documento conceptual del contenido de la visita panorámica de 360° para todos los astilleros con la denominación de las unidades de información identificadas y los paquetes de información sobre herramientas, máquinas, materiales y métodos de trabajo pertinentes para los puntos de la visita.
- Un documento informativo de acompañamiento que contiene una descripción clara de los tipos de elementos de contenido, así como el contenido concreto de los textos informativos y las ilustraciones. Se podrá descargar e imprimir.

All Hands on Deck

Otros resultados futuros

Visitas virtuales 360° de astilleros de diferentes zonas marítimas

- Desarrollo de un total de 5 recorridos panorámicos de 360° de astilleros reales desde 5 ubicaciones marítimas diferentes. El interior y el exterior virtuales de los astilleros contienen numerosos hotspots con acceso a los materiales didácticos. El componente principal consiste en vídeos inmersivos en los que los carpinteros de ribera transmiten oralmente sus conocimientos, así como otros numerosos elementos de aprendizaje de distintos tipos (fotos, audios, enlaces).
- Desarrollo de preguntas interactivas de diferentes tipos con retroalimentación detallada para que los alumnos autoevalúen el nivel de conocimientos adquiridos tras la visita virtual a cada astillero.
- NECESITAMOS PROFESIONALES PARA VISITAR Y GRABAR CÓMO TRABAJAN Y ASÍ PODER EXPLICAR SU TRABAJO
